THE CHICAGO, DANVILLE & VINCENNES RAILROAD

Runs through one of the richest portions of Illinois and Indiana, connecting Chicago by the shortest route with the celebrated Block Coal fields of Indiana, and by way of Evansville and Nashville with the entire South. Its mortgage debt is $18,000 to the mile. The road is already earning, after all operating expenses are paid, much

More than the Entire Interest

on all its bonds. While railroad bonds may be plenty; those upon paying lines and for so small a sum to the mile, are seldom in the market.

We do not hesitate to recommend them as unusually safe. They are not attended with the uncertainties of projected enterprises, and the prompt payment of the interest, and the final payment of the principal, are as certain as any future financial event.

The Bonds are a First Mortgage and are for $1,000 each, have forty years to run, and bear interest at the rate of 7 per cent. per annum, payable on the first of April and October, both principal and interest being payable in gold in New York.

We have sold over One Million in the last few weeks to Trust Companies, and for the investment of Trust Funds, and to the most careful investors, and have but a small amount remaining.

The issue is limited to $16,300 per mile, in denominations of $1,000, $500, and $100.

This Road, 92 miles long, affords the shortest existing outlet to Chicago, Toledo, Detroit, Fort Wayne, Logansport, and intermediate points for the celebrated Block and Bituminous Coals of Parke County, as, also, for the large surplus products of the rich agricultural and mineral sections of the State which it traverses.

For the present we are offering these Bonds at 95 and accrued interest in currency, or will exchange them for Government Bonds, or other marketable securities, at the rates of the day.

The transportation of persons and property, the construction of wheels, the form of cars and carriages, the weight of loads, and all other matters and things in relation to said road, shall be in conformity with such rules, regulations and provisions as the directors shall from time to time prescribe and direct.

Section 5. Said corporation shall have power to make, ordain, and establish all the necessary by-laws and regulations consistent with the constitution and the laws of this State, for their own government and for the due and orderly conducting of their affairs and the management of their property.

Section 6. Section 8. All real estate purchased by said corporation for the use of the same under the the third section of this act, shall be taxable to said corporation by the several cities, towns and plantations in which said land lies, in the same manner as lands owned by private persons, and shall in the valuation list be estimated the same as other adjacent lands of the same quality in such city, town or plantation and not otherwise; and the shares owned by the respective stockholders shall be deemed personal estate and be taxable as such to the owners thereof in the places where they reside and have their homes.

Section 9. The legislature may authorize any other railroad company to make connections with the railroad of this company at any point on the line of its route, and no discrimination in the rates of freight or passengers shall be made by this corporation, nor by any party or parties who may operate its line of railroad or any part thereof, against railroad corporations having the right to connect with the railroad of this company, but all passengers and all freight coming from or going to such connecting railroads, shall be transported promptly and at the same rates of toll and freights charged by said corporation for transportation commencing and terminating on its own line of railroad.

Section 10. For the purpose of raising means and funds to accomplish the objects and purposes of this act, said corporation is hereby authorized to make and issue its bonds in such form and manner, and payable at such time as the directors may under the circumstances deem advisable, and it may secure the principal and interest of said bonds by a mortgage of its railroad and all its lands, property, rights, privileges, and franchises then possessed, held or owned, or thereafter acquired by said corporation, made to such persons or trustees and in such form and manner as the directors may approve and prescribe.

Section 11. Said corporation shall erect and maintain substantial, legal and sufficient fences on each side of the land taken by them for their railroad, when the same passes through enclosed or improved lands, or lands that may be hereafter improved.

Section 12. The corporation is hereby invested with power to make connections with any other railroad or railroads, and on such terms as the members may deem expedient and proper, and it is hereby authorized to lease the road either before or after it shall be completed, or to take a lease of any other railroad connecting with it, on such terms and for such time as the members at a meeting regularly called for that purpose shall determine.

Section 13. The annual meeting of the members of said corporation shall be holden on such day as shall be determined by their by-laws, and at such time and place as the directors for the time being shall appoint, at which meeting the directors shall be chosen by ballot, each proprietor by himself or proxy, being entitled to as many votes as he holds shares; and the directors are hereby authorized to call special meetings of the stockholders whenever they shall deem it expedient and proper, giving such notice as the corporation by their by-laws shall direct.

Section 14. The corporation shall be authorized to issue non-preferred and preferred stock upon such terms and conditions and to such persons and corporations, and with such limitations and restrictions as may be deemed most for the interests of the subscribers, the success of the corporation, and the completion and equipment of the road; and any cities in the counties of Penobscot, Hancock and Washington, and any towns situated in either of said counties deeming ... ... and said cities and towns may issue their bonds for such stock or loan, on such time and terms as may be agreed upon by them and the company, with interest payable semi-annually, at a rate not exceeding six per cent, and for a period not exceeding thirty years, and all stock so subscribed for by said cities or towns shall be represented in said corporation by the municipal authorities thereof, and any such city or town specified in this section may in such vote designate on what part of said railroad line, or between what specified points on said railroad line, any money so voted to be raised by such city or town shall be expended and used; and said corporation shall use and expend all such money in the manner designated by such vote and in no other manner.

Section 15. If the said corporation shall not have been organized, and the location according to actual survey of the route, filed with county commissioners of the several counties through which the railroad shall pass, on or before the thirty first day of December, in the year of our Lord one thousand eight hundred and seventy four, or if said corporation shall fail to complete said railroad on or before the thirty first day of December, in the year of our Lord one thousand eight hundred and seventy-six, then in either of the above mentioned cases, this act shall be null and void as to all that part of said railroad not completed and finished on or before the date last above named.

Section 16. This act shall take effect when approved.

STATE NEWS.

The post office in East Machias is to be made a money order office.

The engine trial at Saco Saturday resulted in favor of the Gov. Fairfield.

Hon. Augusta Haynes is suffering from a relapse, and is again confined to his house.

There has been nearly three million feet of lumber cut on Island Falls township the past winter.

Last week Miss Izah Cushman of Sherman, while swinging some little children, dislocated her knee.

A fire on Spring street, Gardiner, on Monday, partially destroyed the dwelling house of Wm. H. Merrill.

Levi C. Coburn, employed in the steam mill at Canton, had his hand very badly wounded on a small circular saw.

Mr. J. E. Davis of Lewiston had his knee so badly injured by a kick from a horse that he will probably lose the use of it.

Sunday afternoon a boat was capsized in Biddeford harbor, containing two ladies and two gentlemen, who narrowly escaped drowning.

John E. Simons of Pittsfield, who was under arrest for the crime of forgery, escaped Friday night from the custody of an officer.—One hundred dollars reward is offered for his capture.

Mertie E. Caldwell of Sherman Mills, was kicked by a horse this week and narrowly escaped with her life. The heel cork struck over the left eye, and made a deep cut between the eyes but no bones were broken.

The house of Mr. Jas. D. Moore, in Somerset Mills, took fire, last Wednesday noon, while the wind was blowing fiercely. The crews from the Mills, a quarter of a mile away, extinguished the flames, before much damage was done.

A very serious accident took place one week ago to-day, a little to the south west of Cutler Harbor, by the upsetting of a sail boat by which three men narrowly escaped death, Mr. Gilbert McEachern of Machias, and Mr. Jeremiah Campbell and his son-in-law, Mr. Bella Babb of Machiasport.

Large shipments of lumber are being made from Cherryfield, just now. T. L. Shaw has got into operation a steam mill, for the purpose of manufacturing short lumber, spool wood, &c. Geo. Wakefield & Son's machine shop and foundry is turning out an immense amount of work this spring.

Portland Commandery of K. T., at a meeting on Saturday evening, voted to visit St. John, N. B., on the 24th of June, (St. John's Day) and appointed a committee to make the necessary arrangements. It is expected that the Commandery will turn out about eighty uniforms, and be accompanied by the Portland Band.

Mr. James Wakefield of Kennebunk, having been absent from home, Saturday, a much longer time than he usually required to draw his lobster pots, some neighboring boats were sent in search, which soon found his boat and near by his dead body, a short distance from the shore. In the thick fog he probably got into the breakers and was washed out of the boat; though certain appearances indicate that he may have died from natural causes, and was capsized from the boat after death. He leaves a wife and a large family of grown up children.

The N. Y. Post shows no signs of relenting in its warfare upon the Cincinnati ticket. In Monday's issue it says:

It is no surprise to those who know the animosity and determination of the ring, which went to Cincinnati in Mr. Greeley's interest, that so small a knot of men were able to control seven hundred delegates. They were thoroughly organized and had their "strikers" ready for any use. Cochrane and Hutchins and the other "reformers," who have been apt scholars and teachers by turns in the gutters of New York politics, were ready for any emergency. When a State was without delegates, they had their tools on hand to swear that they represented it, although they, like Rockey Moore, were honored citizens of the Five Points or Mackerelville. A correspondent in Cincinnati, who ought to know, writes us that the Alabama, Arkansas, North Carolina and South Carolina delegations were packed in that way. * * *

Is this reform? On the contrary, it is the triumph of a corrupt faction, which is organized simply for the purpose of private revenge and public plunder.

THE LAST HUMBUG

Under the above heading the Boston Journal summarily disposes of the latest and most absurd invention of the enemy. It says — "When Horace Greeley is nominated for President, and that too by the only organized band of Free Traders in the country, there is nothing too wild to turn up in the political world. Hence we ought not to be surprised that the Democratic organs are industriously spreading rumors of a plan said to be on foot for the withdrawal of President Grant's name from the Philadelphia Convention. The last definite version of the story goes so far as to say that Speaker Blaine has recently been in New York to make arrangements for this "consummation so devoutly to be wished"—by Democratic and Liberal schemers. They may as well understand first as last, though, that they can make their own wild goose performances as fast as they please but their power is wholly outside of the Republican ranks. Clearly enough, nothing could delight them more than to diffuse an impression that there is something in this talk of the President's withdrawal, and they will keep at it till some other game is started. But the attempt will be short lived. In the first place even hostile politicians must yet get it through their heads that the re-nomination of Grant is not his, but the people's work. As he was originally taken up against his own wishes so he will be continued in power whether his wishes have changed or not. True, no man can become President against his decided will, but Grant as a patriot and a sensible man, is no more likely to refuse to obey the popular command now than he was to refuse the command of armies when of all men he was the most needed. It is not necessary to say what will be done at Philadelphia—that will take care of itself—but to say that any respectable man thinks of the possibility of the President's publicly interfering beforehand in the matter in any way, is the silliest notion yet devised by his enemies. The connecting of Speaker Blaine with such an absurdity is beneath comment.

If the readers of the New York Tribune required any confirmation of the charge that it is no longer faithful to the friends and hostile to the enemies of the Republican party it is amply furnished by the eager championship of the editor of the *Bangor Democrat*. To men who have honored Mr Greeley in the past in spite of his many mistakes, the saddest phase of his present infatuation is that which shows him surrounded as courtiers by the most malignant foes of every liberal doctrine which he has ever advocated and the most humiliating affliction that could have befallen the Tribune is that it should have earned commendation from the Brick Pomeroys of the press.

The letter from Hon Reverdy Johnson to Hon. John A Peters endorsing his resolutions and presenting his arguments against the presentation of the indirect claims and in favor of their unqualified withdrawal has already been published and proves a very voluminous document. It is a very able presentation of the views of an eminent lawyer who failed to satisfy the people or Senate of the United States with his negotiation of this subject and who is not unnaturally disposed to criticise the work of those who subsequently negotiated a Treaty which was ratified by both nations.

"Warrington" is disgusted with the result at Cincinnati and writes to Edward Atkinson what he terms a "wail from one of your fellow signers and sufferers." He complains that the free traders find the apostle of protection provided as a candidate for them; those who object to personal government are asked to support the head of a faction in New York; the civil service reformers find a candidate whose following is mainly personal and finally those who went simply to beat Grant find the alternative of the election of Grant or of the regular Democratic nominee. The writer suggests that the disaffected "try again to extricate themselves from a corrupt condition of parties."

THE TRUE HISTORY OF THE CINCINNATI TARIFF PLANK. Among the reports brought back from Cincinnati is one to the effect that Messrs. David A Wells and Edward Atkinson will in a day or two publish a card giving the true history of the tariff plank in the platform of the recent convention. That portion of the declaration was telegraphed by the sub-committee having it in charge to Mr Greeley who returned a strong disapproval, declaring it an evasion and subterfuge unworthy any party. The full committee, however, overruled Mr Greeley and the sub committee, and the candidate is placed on a platform not altogether to his taste. Mr Wells, it is stated, will publish Mr. Greeley's original dispatch.

Carl Schurz was not popular in the army as a military commander. The War Department sent him to Sherman when that great commander was marching through Georgia. Sherman sent him to Slocum, then commanding the left wing of the army. Slocum, who was every inch a soldier, had no use for Carl, and said, at the same time asking what he should do with him. "Confound him! Drown him! drown him!" retorted "Old Tecumseh."

Ben. Wood, editor of the New York Sunday News, will support Mr. Greeley for the Presidency. He is the same Mr. Wood whose paper was suppressed two or three times during the war for giving aid and comfort to the enemy.

Bickford from James L Bickford; Annette O Collins from Joshua W Collins, mother to have the care of minor child; Martha A Rowell from Charles H Rowell, libellee to pay $100 and costs in lieu of alimony.

The attorneys conducting cases during the term were Messrs Jewett, Boyle, McLellan, Abbot, Fogler, Williamson, Johnson, Penyo of Belfast, Vose of Bangor, Reed of Portland, Hubbard, Pierce and Varney of Frankfort, Nickerson and Runnells of Searsport, Knowlton of Liberty, Watson of Unity, and others.

QUIDAM

Judge Hoadley one of the exasperated Ohio delegates, has published a card qualifying his assertion that he would vote for Grant but referring to the Cincinnati ticket as follows:

I wish to say that if the final alternative should be the re-election of Gen. Grant, involving the continuance of Boutwell as watch dog of the Treasury, or the success of Blair and his Gratz which means nothing else than a gigantic raid on the Treasury I should prefer the former.

The Boston Advertiser remarks that it will be well if the "liberal reform" party comes soon to an agreement upon the question how the nomination of Mr Greeley was brought about. Mr Bowles says it was due to the work of Frank Blair and Gratz Brown. Mr White of the Chicago Tribune says that it was nothing of the kind. The latter editor speaks of his candidate for the Vice Presidency in terms of utter contempt, and of Mr Greeley he writes in a style of anything but pure compliment. His concluding despatch from Cincinnati declares that Brown and Blair only went to the Convention to kill off Schurz, which is not creditable to Governor Brown surely, and he further writes of the candidate for the Vice-Presidency: "His speech in the Convention fell like dish water on the whole assemblage, and being followed by the transfer of the Missouri votes to Trumbull, instead of Greeley, showed that he had no influence in his own delegation." As for the gentleman standing at the head of the ticket, the same editor telegraphed to his paper that "the worst thing that can be said of Mr Greeley is, that he generally has a few worthless dead beats hanging around him preying on his cash and his good nature, impairing his reputation among those whose good opinion he ought to possess. These creatures he must shake off forthwith, or there will be trouble before the campaign ends." Mr Greeley recently declined a proffered honor on the ground that he was "too old." He is certainly rather old to learn to judge of the men with whom he is brought in contact—a faculty of which he has a smaller modicum than any man who has ever aspired to high office in this country.

GAINS IN INDIANA. The election for Councilmen in Indianapolis, Ind., resulted in the election of seven Republicans and two Democrats. Republican majority, 1515, a Republican gain of 900 over the last city election. Returns from the other principal towns in Indiana also show Republican gains.

Carl Daenzer, editor of the Anzeiger des Westens, telegraphed the following from Cincinnati to his journal.—

"The corruptionists, under the lead of Blair and Brown, have carried the day. It was a regular bargain and sale, in which Missouri spoil-hunters and adventurers from other States, self-styled delegates, have played a prominent part. The Liberal German element is unanimously opposed to the nominations, and the Anzeiger will fight them to the bitter end. Bolt the nominations at once and as energetically as you can, and publish this evening over signatures."

FORTY-SECOND CONGRESS—SECOND SESSION

WASHINGTON, D C, May 8.

SENATE.

On motion of Mr. Hamlin the Secretary of the Navy was requested to furnish the Senate with copies of the report and maps of the survey of the Isthmus of Darien.

Mr. Kellogg called up the bill providing that the Presidential election in Louisiana be held the same day with the State election, the first Monday in November. The object was to avoid the trouble and expense of two elections in succession.

Mr. Morton said an additional advantage would be that the Presidential election would have the benefit of the protection now provided by law for the State election.

Mr Trumbull said that Mr Morton's statement was the admission that the bill was designed to enable Congress to control by indirection the Presidential election, in violation of the Constitution.

Mr Morton denied that he admitted any such thing, and asked Trumbull whether he wanted the scenes of 1868 in Louisiana renewed and a Presidential election held under such circumstances that it could be controlled by the Ku-Klux. If he did, he might fitly oppose this bill, but if he was in favor of an honest election he ought to support it.

At the end of the morning hour Mr. Kellogg's election bill went over.

Mr Nye's election bill for Washington and Idaho territories was reconsidered and passed.

The Post Office appropriation bill was passed with Mr. Nye's amendment pending yesterday.

Mr Bozeman called up the House general amnesty bill and addressed the Senate.

Mr Sumner moved to strike out all after the enacting clause and insert the supplemental civil rights bill.

Mr Ferry of Conn., raised a point that the motion was not in order. The Vice-President decided it in order.

Mr Trumbull appealed from the decision of the chair.

After a long discussion the appeal was tabled.

Mr Morton moved to amend so as to provide that before any person shall be entitled to the benefit of the act he shall swear that he is not or has not been at any time within two years preceding the passage of this act a member of any band of Ku Klux-Klan.

Mr Hill moved to amend the bill so as to grant universal amnesty.

After further discussion Mr Morton withdrew his amendment. An agreement was made that the general debate on the bill and amendments terminate at 3 o'clock to-morrow, and that the bill shall be set out. Adjourned.

HOUSE

The House took up the Supplementary Apportionment bill increasing the aggregate number of 283 Representatives, as fixed by the apportionment law of this session, to 292, the additional 9 being given to New Hampshire, Vermont, New York, Pennsylvania, Indiana, Tennessee, Louisiana, Alabama and Florida, to be elected by separate districts except for the 43d Congress, when they may be elected on the general ticket.

Mr Mercur, who reported the bill from the Judiciary Committee, addressed the House in advocacy.

After discussion, Mr Randall of Pa moved to table the bill as tinkering with the apportionment. Negatived—yeas 90, nays 104.

The bill was passed without division.

The House went into Committee of the Whole, Mr Scofield of Pa. in the chair, on the tariff and tax bill.

Mr. Dawes stated the reduction in the revenue which he estimated would be effected if the bill becomes a law; viz: On Coal, $322,881, on Salt, $615,522; leather and leather manufactures, $529,490; on cotton manufactures, $1,077,283, on wool manufactures, $3,358,274, on iron manufactures, $...,231,280, on other metals, $6,770, on India rubber manufactures, $53,217, on gutta percha manufactures, $510, on straw manufactures, $65,347, on oil clothes, $2,788, on lumber, $761,801, on all other articles, $614,605, on the free list, including tea and coffee, $17,500,976. Reduction of the tariff revenue, $26,140,833; reduction of the internal revenue, $13,988,000, total, $40,138,833.

Mr Dawes moved to strike out the items of tea and coffee.

The question of free tea and coffee gave rise to a lengthy discussion, which was participated in by Messrs Kelley, Beck, Wood, Cox, Kerr, Randall, Banks, Morgan, Potter and Farnsworth, at the close of which the duties on tea and coffee were struck from the bill.

Mr Ritchie of Md moved to increase the duty on bituminous coal and shale from 50c to $1.

Mr Foster of Pa. moved to strike out the whole paragraph.

After a lengthy discussion Mr. Ritchie's amendment was rejected.

Mr McGrew of W. Va. moved to make the rate 75c a ton. Agreed to—86 to 78.

Mr Foster's motion was rejected.

On motion of Mr. Dawes a new item was inserted as follows: On culm of coal 15 per cent. ad valorem.

Mr Duell of N. Y. moved to amend the item of salt by making the duty 12 instead of 8c per bushel.

The salt question gave rise to another long discussion, which was not closed when the Committee at 4 40 p. m. rose and the House took a recess until 7 30 p. m.

The evening session will be for business of the Military Affairs Committee.

LOCAL AND OTHER ITEMS

—Lovely day yesterday.

—This is Holy Thursday.

—The streets are very muddy.

—Meeting of the City Council this evening.

—The Eastern Express office shines in new paint.

—W. F. Whiton & Co. send a large stage wagon to Mattawamkeag by rail to day.

—Two vessels are now loading with potatoes at this port, one for Boston and one for New York.

—The city undertaker is interring bodies deposited last winter in the receiving tomb at Mt. Hope Cemetery.

—A dog fight near the Maine Central depot last evening, resulted in a pitched battle between the owners of the combative pups.

—Mr. Adoniah Webber of Hudson Village, makes in another column a most liberal offer to woolen manufacturers.

—A large area of the broken-stone pavement has been put down on Main st. within a day or two.

—A house has been put up on the ferry slip on this side of the river, to furnish shelter for the passengers waiting for the boats.

—The Brewer Brick Co. are manufacturing large quantities of brick daily at their works in Brewer, and will soon have enough to burn a kiln.

—George McCormick, the lad whose leg was crushed by a car Tuesday, and afterwards amputated, is doing well and will doubtless recover. The boys didn't play much around the cars yesterday.

—Mr. J. S Pushaw, who has been with Messrs. W. F. Whiton & Co. for some time past, has left for Boston where he has become connected with a varnish manufacturing and dealing firm.

—We learn that B. B. Thatcher, esq, purchased of E H Hall, esq, yesterday, the house and lot No 21 Grove st., for $7,000. Mr Hall is to remove to Kingman where he has gone into business.

—A young gentleman anxious to be a "scullist" was twice spilt out of a shell boat in the Kenduskeag last evening, to the great delectation of a large crowd standing on the lower bridge.

—Old Probabability has missed it woefully in his weather predictions during the past week. We should have a signal station here to furnish him with better data on which to base his prophecies.

—The three principal articles on the market yesterday were baby foxes, spruce ladders and potatoes. We quote foxes (with eyes just opened) at $1 each, potatoes at 46 to 50 cents per bushel, and spruce ladders at ten cents per foot for those that climb.

—By a curious blunder the name of Mr G. W. Sumner, the accomplished pianist whose performance at the concert Tuesday afternoon was so much admired, was printed "G. W. Whitney" in our report yesterday morning.

—The little steam-tug *General Grant* broke loose from its moorings on the Kenduskeag early yesterday ... drifted below the lower bridge ... captured by a hand on one of the schooners moored there. No damage.

PERSONAL. Hon. Geo. L. Hatheway, Provincial Secretary of New Brunswick, ... Fredericton, ...

—... through this city on conductor Jameson's train yesterday, and stopped at the Exchange last night. They are on the way to Ottawa, and will resume their journey this morning.

—The Crosby Guards of Hampden, Capt. Flagg, were inspected yesterday by Gen. Hall, who pronounced their condition to be very creditable to officers and men, though they have been unable to drill as a company for some time past, having no hall of sufficient size.

MYSTERIOUS DISAPPEARANCE. Two men living on the East side suddenly disappeared yesterday forenoon, and no clue has since been had as to their whereabouts. The last seen of them they were undertaking to cross a muddy place on Centre st., then

"Like the snow flake in the river,
One moment seen, then gone forever!"

—It is not yet announced who is to deliver the oration in this city on Memorial Day, (30th inst.,) but as the G. A. R. Committee of Arrangements meets at Post Headquarters this evening, we shall probably soon learn something definite concerning the plans of Post 12.

—Mr. W A Nichols, C. E, formerly Resident Engineer on the E & N A Railway, is now Chief Engineer of the Riviere du Loup Railway, ground for which was first broken at St. Mary's, across the river from Fredericton, N. B., on Tuesday.

—Mr. George Price of the celebrated champion crew of St. John passed through this city last night on his way to Brunswick, where he will coach the Bowdoin crew, in place of Mr. Fulton, who is obliged to return to St John to prepare for his race with Brown of Halifax.

—A little boy, five or six years of age, son of Mr. A Howard French, boarding at Mrs. Winship's in Lincoln court, fell head foremost into a barrel of water, yesterday. A boy still younger stood by, and by his aid the half drowned lad was extricated from his dangerous position.

—Eleven vessels arrived at this port yesterday, including the schooner *Martha Maria*, Veazie, master, twenty-two days from Benaire, with salt to Morse & Co. The schooner *Forest Bell* brought a cargo of corn and flour to Chas. Hayward & Co, and the schooner *Watson Baker* a cargo of corn for W. P. Hubbard & Co.

—Mr H. J. Leach of Brewer, who is building the light draft steamer to run on the upper Penobscot, has in course of construction at his shop a beautiful little yacht for a New York gentleman. Mr. Leach has built eighteen boats since last fall, and will construct some twenty-five or thirty more this season.

LAKE MEGANTIC RAILROAD. We learn that a large number of prominent railroad men from the States have recently been in consultation with the Canadian authorities, and it is rumored on pretty good authority that as a result of the conference the Lake Megantic road is to be surveyed, located and built at an early day, as a link of the Canadian Pacific Railway.

EAGLE ENGINE CO, ORONO. At the annual meeting of the members of this Company held on Tuesday, the following officers were chosen for the ensuing year: George Hogan, Foreman; H. H. Perkins, 2d Foreman; Granville Frost, 3d Foreman, Charles C. White, Foreman of the Hose; Chas. C Wilson, 2d Foreman, W. H. Colburn, 3d Foreman A. J. Durgin, Clerk, H. C. Powers, Treasurer, Wm. Merrifield, Steward Finance Committee E. N. Mayo, J C Wilson and A J. Hogan.

—A colored man in the employ of Capt. Reed, took one of his teams out Tuesday morning for a ride, arming himself with two girls and a concertina, from which he was extracting strains of music as they whirled along the road toward Mt. Hope. But soon, alas! those dulcet strains were brought to a close by the establishment taking a hurried flight down an embankment. The carriage was not fit for travelling after its arrival at the bottom, the wheels being about all that was not completely wrecked.

GOOD LUCK. About the smartest fishing we have heard of lately was done last night between 8 and 11 o'clock by Messrs. A. L Colson, Frank Frost and John Lyons, who in the three hours above stated, rowed from the railroad bridge to Emery's Point, caught 800 dozen smelts, and rowed back to Kenduskeag bridge! Their boat was filled with the little silvery fish so that they hardly space to sit. This, we are told, is the largest haul of smelts ever made on the river by men in so little time.

SHORE LINE RAILROAD. The first meeting of the corporators of the Bangor & Calais Shore Line Railroad Company will be held in the Town Hall at Cherryfield on Wednesday, 29th inst, at 10 o'clock A. M, for the acceptance of the charter granted by the last Legislature, the organization of the company, and to take measures to further the location and construction of the road. We publish on our first page to-day, the act of corporation, which will prove of interest to the large number of our readers who favor the road.

THE JAMESON GUARDS' EXCURSION. Gen. White, Commanding the Jameson Guards, received a very polite Note from one of the honorary members of the company, yesterday, enclosing a check for twenty-five dollars to help defray the expenses of their contemplated "raid" upon Lynn next month. This prompt and liberal action indicates that the conduct of the Guards and the service they have rendered our citizens the past two years are appreciated, and that the honorary members will see to it that the company shall not lack for the "sinews of war" to enable them to avail themselves of the hospitalities they are tendered on this, their first visit out of the State.

THE LUMBER BUSINESS. *Mr. Editor* —It has been suggested by some of our lumber dealers that Dr Ladd's figures given at the manufacturing meeting meeting Tuesday evening are somewhat incorrect, and that he should add to his list of "laborers" in the lumber business in this city at least "308" money lenders and men engaged in furnishing supplies. Moreover, he seems to have forgotten that the establishments of the iron manufacturers he instanced as employing nearly as many men as the lumber business are running almost exclusively on work for lumber mills!

A DASTARDLY ACT. Some time between Monday night and yesterday morning, some creature in human form entered the Catholic cemetery at Birch Hill and with a heavy instrument, probably an axe or sledge hammer, broke and defaced the marble crosses over the graves of Daniel Scully, Mrs Catherine Hurley, Mrs. Murray, George F. Taney and Mrs Pendergrast. Two sculptured lambs on the tombstone of Mr Fields were also broken off and demolished by this base fellow, whose action in desecrating the graves of the dead cannot be too strongly condemned and should be punished to the extent of the law. The Mayor has been authorised to offer a reward of one hundred dollars for the detection of the rascal, whom it is hoped our citizens will use every effort to discover.

THE MUSICAL CONVENTION. The rehearsals yesterday were quite well attended, there being a hundred singers on the stage in the evening, and the results were most satisfactory. Among the choruses rehearsed were, "I waited for the Lord," from the Hymn of Praise: the "Pilgrim Chorus," from Lombardi: "Joy is over the ... Dawning," from ... [illegible] ... filled the expectations of the audience. They are soloists of great ability.

The evening rehearsal was interrupted by the arrival of a party of ladies and gentlemen from Bangor, most of whom joined the singers on the stage.

The Academy of Music will be dedicated this evening. Speeches will be made by Dr Keaton, Rev S P Fay of Bangor, Judge John E Godfrey of Bangor and others.—[St. John Telegraph, 8th.

MASONIC. The Grand Lodge assembled in Portland Tuesday, at 9 o clock. John H Lynde, Grand Master, in the chair. After the delivery of the Grand Master's annual address, the lodge was occupied with routine business during the morning session. In the afternoon the following officers were elected: David Cargill of Augusta, Grand Master, Albert Moore of North Anson, Deputy Grand Master, Edward P Burnham of Saco Senior Grand Warden, William O Poor of Belfast Junior Grand Warden, Moses Dodge of Portland, Grand Treasurer, Ira Berry of Portland, Grand Secretary, Committee on Finance, Oliver Gerrish, Freeman Bradford, Wm P Preble, Trustees, T J Murray and John H Lynde.

The Committee on Credentials announced 130 Lodges represented.

The Grand Chapter met at 7 o'clock Tuesday evening, Stephen J Young, Grand High Priest, presiding, and was opened with prayer by C. C. Mason, Grand Chaplain. The Committee on Credentials reported, all the Chapters but one (33) represented. The Grand Officers made their annual report, and the following officers were elected, John W. Ballou of Bath, Grand High Priest; Horace H Burbank of Limerick, Deputy Grand High Priest, Henry L. Paine of Portland, Grand King, Arlington B Marston of Bangor, Grand Scribe; A M. Burton of Portland Grand Treasurer, Ira Berry of Portland Grand Secretary, Committee on Finances, J H Drummond, Oliver Gerrish, Nathan Woodbury.—[Press.

At a Democratic meeting in New York on Tuesday evening, Ben Wood stated that Greeley informed him that he would remain in the field, no matter who was nominated at Philadelphia, but his withdrawal was possible should the Democratic National Convention make an independent nomination.

THE RIVIERE DU LOUP RAILWAY. Ground was first broken for the Riviere du Loup Railway on Tuesday afternoon, by Lieut Governor Wilmot (who used the same spade which turned the first sods on the E & N A and Fredericton Branch Railways) in a large field at St Mary's village, just across from Fredericton, N B. A large assemblage was present, including most of the prominent men of the Province, and as the Lieut Governor cut two sods, placed them in a wheelbarrow, wheeled them away and dumped them in a workmanlike style, he was greeted with enthusiastic cheers. Speeches were made by Hon. Mr. Fraser, John Boyd, Esq, Hon Mr Hatheway, Provincial Secretary, Mr. Willis, the Attorney General, Hon Mr Wedderburn, Hon. Mr Beveridge, Dr Dow, Mr Needham, and the Lieut. Governor, and the inauguration of this great project, so important to the Province and its railway system, was celebrated in a style commensurate with its magnitude.

THE NEW YORK LABOR REFORMERS. The Monday evening session of the New York Labor Reform League was addressed by Messrs Orvis, Brisbane Andrews and Banks, and Mesdames Woodhull, and Middlebrook of Connecticut. Mr. Orvis declared that Messrs. Greeley, Bryant, and A T Stewart were the dangerous classes, and not John Morrissey, "the wickedest man in New York."

Mrs. Middlebrook stated that she had heard it whispered that Beecher was to be the people's candidate for President.

Several of the speakers were severe on Susan B Anthony and Mrs Stanton for devoting themselves only to woman suffrage and neglecting the rights of labor.

POLITICAL AND PERSONAL

A Washington dispatch says that Trumbull has announced his willingness to run for Governor of Illinois on the Greeley ticket.

The N. Y Senate rejected the bill for the reduction of fares on the New Haven Railroad.

Prince Bismarck is again indisposed and his physicians insist on absolute rest or the consequences may be serious.

A resolution was adopted in the N. Y. Assembly, Tuesday, in favor of the removal of Miller, State Superintendent of Insurance.

The Massachusetts Legislature was prorogued Tuesday after a session of 126 days the shortest in the past nine years.

The Syracuse (N Y) Courier, Democratic, places at the head of its columns the names of Greeley and Brown for President and Vice-President, subject to the approval of the Democratic National Convention.

The San Francisco Bulletin believes that with good candidates the Republicans of California can elect three of the four Congressmen to be chosen next November.

While the Democrats in Congress are agreed that the 4th of July shall be the time for the assembling of the National Convention, they are not in harmony as to the place. St. Louis, Louisville and Indianapolis are respectively named.

In a recent letter, Jeff Davis says, that whatever the future may bring forth, the heroic struggle of the Southern people in the rebellion will fill a bright and glorious page in history, "provided they do not disgrace dishonor and brand themselves as criminals by accepting amnesty."

Among the editors of some thirty German papers (mostly daily) of Ohio, Indiana, Illinois, Missouri, New York and Pennsylvania, who met Friday night in Cincinnati, there was not one who expressed himself in favor of Greeley and Brown.

The New York Sun is acting the part of court buffoon for Horace. It says there is only one avenue of escape for the Republican party, and that is to drop Grant and nominate Horace Greeley! Such a head as that man must have!

At a meeting of the King's County (N Y) Republican General Committee on Tuesday, resolutions were adopted endorsing the policy of General Grant and recognizing the Philadelphia Convention as the proper source for the declaration of the principles and policy of the Republican party.

Rev A G Leonard, a local Methodist preacher, living at North Monmouth, had his arm amputated at the shoulder joint several years ago, in consequence of a severe injury. This spring he has put up a framed building, hewed the timber, done all the marking, boring and mortising without any help, and it is as good and looks as well as though done by some workman with two arms. Mr Leonard owns a pretty little farm, and does all his planting, hoeing and haying with the exception of a little help from his good wife and daughters about planting and raking hay.

FROM "WHAT I KNOW ABOUT CONVENTIONS."—The seed of this kind of gourd should be planted early in the winter and carefully kept warm by piling upon it the influence of all the second-rate papers in the country, and should be tenderly sheltered from the blasts of public opinion and the storms of the first-class journals by the loose planks of all the old party platforms which have been floated since that deck of the ark was laid. As the spring comes on it should, if possible, ... [illegible] ... dug out of it, and the hollow shell carefully filled with a miscellaneous compound of spite which may be obtained from disappointed office seekers, self interest, of which the carpet-baggers can part with large quantities without any serious resultant damage, journalistic ambition to make a sensation, for sale cheap at the office of the Sun and the Tribune, dashed with a spice of French arms investigation and military envy. The result will be an extremely toothsome compound for those who can swallow it, and the inventor of the recipe confidently looks forward to the chief office in the gift of the people as a reward of merit for his integrity and brilliancy.—[Boston Globe.

A DELIGHTFUL SURPRISE.—Ladies whose faces are clouded by superficial discolorations, and who have resolved to try HAGAN'S MAGNOLIA BALM as a remedy, have no idea of the welcome surprise they will receive from their mirrors after a few applications of that healthful purifier of the complexion. If at all excitable, they will scream with rapture on beholding the change, whether the blemish it is desired to remove be sallowness, blotches, pimples, freckles, roughness, or an unnatural pallor, it is bound to disappear under the tonic operation of this wonderful agent. To say that the blemish disappears, does not, however, convey any idea of the effect produced by this celebrated beautifier. The unsightly tinge, whether diffused over the whole countenance or in spots, or patches, is replaced by a uniform, pearly bloom to which no description can do justice.

To stimulate the nervous system and invigorate it when prostrated by such distressing maladies as kidney, bladder and glandular diseases, mental and physical debility, diabetes, gravel, female irregularities, loss of vigor, and complaints of the urino genital organs and general debility, there is no medicine equal to or which acts so promptly as SMOLANDER'S BUCHU. It strikes at the root of such diseases, and a perfect cure is the inevitable result.

EVERYBODY is asking what are CIDER BITTERS? They are just the purest, sweetest most effective Spring Medicine you ever saw. For 25 cents enough can be had for two quarts of cider. An eminent physician of this city has used them for twenty five years.

THE BEAUTIFUL LADY

There is a gentle lady, very fair,
Her looks are saintly and her voice is rare
She walks through all the town,
Nor fears to soil her gown

They say this lovely lady's not afraid
Of any being the Lord has made
She sees her Father's look
Within the meanest nook.

And so she walks serene through every lane,
Where hunger struggles fierce with sin and pain,
And angry curses leap
In passion wild and deep

She does not even tremble at the sight,
She stands and gazes like a lily white,
Till awed to peace they see
Her spotless purity

She stays beside the couch when all have fled
And lays upon her breast the dying head
And sings away all fear
With voice serene and clear

She takes the little children in her arms,
And gives them bread to eat, and mildly calms
Their throbbing hearts that beat,
And wipes their bleeding feet

Dear children tell me, will you go with her
This lovely lady each her messenger—
And bid the orphans come
And have with her their home?

Her name, I think, is Charity below
But when her bright, immortal wings do grow
The angels there above
In heaven will call her Love

Piscatory Card.

The subscriber tenders his profound acknowledgments to the appreciative citizens of Bangor for the generous patronage they have extended to him for more than be quarter of a century past during which he has been engaged in piscatorial labors, and he takes this more [illegible] occasion to express his unhesitating belief that they intend to continue that bountiful patronage for more than a quarter of a century longer at the expiration of which he will probably retire with his well earned laurels unless his mind shall undergo a revolution, of which he now perceives no prospect and he takes his opportunity to further express his belief, that, if there is anything he knows, it is FISH!

In view of all this the Subscriber—who has been [illegible] Piscator Major since his last communication—has the honor to announce that he will continue the domestic importation of ichthyological esculents and that he has made extensive arrangements for their importation from foreign parts.

The domestic ports upon which he will levy contributions, are Boston Gloucester Cape Cod Hull, Portland Newcastle Moosehead Lake Mt Desert, Wassataquoik Aboljacknegas, Bas ahegan [where the giants congregate in gregarian multitudes] Pemaquid, Muscongus, and other places. The foreign ports are St John, Petitcodiac Shediac, Magaguadavic, McAdam Junction, Miramichi, Pombomcoup, Thibideauville, and other places whose names are too difficult to annunciate and enumerate

The esculents with which he designs to regale the people of ichthyological and amphibious tastes and palates, are what, in ordinary language, are denominated Salmon, Shad Codfish—fresh and salt—Bass, Halibut, Alewives,—fresh and smoked—Whales, Sharks Rhinoceroses, Bloaters, Skates Bluefish, Suckers Sculpins, Smelts, Catfish Trout, Eels, Frogs Perch, Pike Dolphins, Flying fish Sword fish, &c Of the crustacean Lobsters Oysters Clams Muscles, Oyster plants Crabs Tortoise, Mock-Turtle, and all the other univalves bivalves and trivalves, that can be obtained from the Bay of Fundy the Gulf of St Lawrence, and elsewhere. And ever ambitious to please, he will if desired by any adequate customer, extend his enterprises into the regions of the Plesiosaurus and Icthyosaurus and to the Grand Banks, Newfoundland and Labrador every where to the extent of his ability during the coming season He expects Prof Agassiz to bring him several new kinds of Mollusca, when he returns from his exploring expedition, or at least, photographs of them! To conclude my friends,

Upon my heart and diaphragm,
Your persons and your faces
Are deeply graven, and I am
Enchanted with their graces
That you will ever keep them there
I make my intercession,
To give you FISH shall be my care
For STAMPS that make impression!

From Mrs ELIZABETH COOMBS Brunswick

Brunswick, April 4 1867

MISS SAWYER I received your letter last evening and was very glad you concluded to let me take your Salve I think I can do well with it and it will be quite an accommodation to my husband *as he cannot get along without it.* He has tried everything else and has never found anything that healed his leg as that Salve of yours and we have both found it to be *all and even more than you recommend it to be* We have had it in the family five or six years, and have used it for every thing and can *truly say we have never found its equal* I use it for a weak back and it acts like a charm Mr Coombs has had a *Fever Sore on his leg for thirty years and would be a cripple to-day if he had not found a remedy in your Salve.* It keeps it healed and takes out the inflammation proud flesh and swelling, and does for him all that he can ask I can recommend it for a good many things that you have not, for I use it for everything
